Many Happy Returns!

The 1959-60 season marks the 30th anniversary of the Linfield A Cappella Choir. Organized in 1930 under Virginia Ward Elliott, this group, the first A Cappella Choir in the Pacific Northwest, has maintained its identity ever since. The choir has toured throughout the West Coast during a greater portion of this time and has always offered its students those enriching experiences that are the result of the highest artistic goals.

In 1930, Linfield introduced A Cappella singing to the Northwest. Since then nearly every college and many high schools have developed similar groups of high caliber. Now under the direction of the choir's present director, C. Robert Zimmerman, Linfield again points the way to a new trend in College musical presentations—a program which we hope will prove visually interesting as well as musically worth while.

Welcome to "*Hi-Fi in Sight and Sound*".
